INDEX TO VOLUME 3

The star (*) preceding the page number indicates an original article in The Archives. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters, B, O and S, respectively.

PAGE

Abbe, R.: Radium and nevus ... 824
Abrahamson, E.: Fate of children of syphilitics ... 83
Abramowitz: Cause for diagnosis ... 708
  Folliculitis chronica atrophicans ... 91
  Leukoderma psoriaticum ... 92
  Lupus erythematosus? ... 330
  Nevo-hemangio-lymphangioma of the left leg ... 321
  Papulonecrotic tuberculid ... 870
  Pemphigus? ... 706
  Urticaria pigmentosa ... 331
Acladiosis, Castellani's. Mendelson ... 666
Acne, hypertrophic scars following peeling treatment of. H. Fox ... 699
  necrotica. Greenbaum ... 340
  necrotica, treated with tuberculin. Clark ... 872
  old, severe scarring from. Wise ... 699, 707
  rôle of the endocrine glands in the etiology and treatment of. L. Hollander ... *593
  rosacea, etiology of, through a visceroneurologic mechanism. F. P. Miller ... 826
  rosacea, gastric analysis in. J. A. Ryle and H. W. Barber ... 309
  vaccine therapy. M. F. Engman ... 827
Acnitis. Pusey and Senear, 447; J. McF. Winfield ... 310
Acrodermatitis chronica atrophicans. Clark, 874; Rostenberg, 321; Williams ... 875
  chronica atrophicans with fibrotic tumors. Wise ... 200
Actinomycosis. Ormsby and Mitchell ... 834
  treated with methylene blue and roentgen ray. V. W. Jensen and C. W. Schery ... 184
Adenoma sebaceum. Klauder ... 882
  sebaceum, ringworm associated with. Gilmour ... 470
Adnexa. Radium in the treatment of diseases of the eye and adnexa. G. B. New and W. L. Benedict ... 300
Adrian, C.: The abortive types of Recklinghausen's disease ... 301
  The arthropathies in the course of scleroderma ... 425
Ahlswede, E.: Digestion of keloids, cicatrices and buboes with pepsin-hydrochloric acid ... *142
Ahlswede, E. H.: Further indications for pepsin-hydrochloric acid treatment ... *648
Ahrens, E.: Eczema verruco-callosum nodulare (prurigo nodularis) ... 435
Ainhum, a family disease. K. M. B. Simon ... 829
Alcohol and venereal disease. Von Notthafft ... 668
Aleppo boil. Parounagian ... 468
  oriental sore or delhi boil, case of. J. H. Stowers ... 442
Alopecia areata. H. W. Barber, 663; Beeson, 839; Michelson ... 476
  areata totalis. Wise ... 311
  areata, treatment of. R. Sabouraud ... 428
  areata, treatment of, with quartz lamps (Kromayer and Alpine). H. Fox 183
  Perforating ulcer of foot and alopecia of the thyrogonadal type in a syphilitic patient showing deformities of the sella turcica. Levin ... 327
  roentgen-ray. Butler ... 476

PAGE

Amboceptor, preparation of, with human erythrocytes. A. H. Sanford.... 303
Amenorrhea and generalized psoriasis cured with ovarian extract. G. Verotti 300
Anaphylaxis, a case of, following an intradermal protein sensitization test. J. Gerstenberger and J. H. Davis 821
Anemia, aplastic, following arsphenamin. H. Gorke..... 443
Angiokeratoma. Fischkin 104
Angioma serpiginosum. Ochs 878
Annibale, D. L.: The first case of sodoku reported in Sardinia 436
Anthrax. Action of neo-arsphenamin on cultures of anthrax bacillus and on the bacillus of animal origin. F. Tallo..... 665
cutaneous, interesting case of. L. Martinotti 188
in animal (horse) hair. S. D. Hubbard 664
Antianaphylaxis, digestive. P. Pagriez and P. Vallery-Radot..... 436
Antimony, treatment of bilharziasis with. J. E. R. McDonough..... 307
Argyria, case of. C. E. Smith..... 438
following injections of silver arspheramin. Lochte 82
Armstrong: Syphilitic reinfection 476
Arnstein, A.: Herpes zoster as the only symptom in otherwise latent disease of the internal organs 656
Aronson, L. S.: The phenomenon of vernes as applied to the serodiagnosis of syphilis 827
Arrhythmias in secondary syphilis. DuCastel 307
Arsenic. Comparative study of the urinary elimination of arsenic following the intramuscular administration of sulfarsenol. P. Galonnier... 435
hyperkeratoses. H. N. Cole 95
hyperkeratosis and pigmentation. Waugh 95, 679
keratoses. Dermatitis exfoliativa, following psoriasis. H. Fox..... 467
keratosis and epithelioma. G. R. Hamilton 665
keratosis and pigmentation. Wise 314
keratosis: postarsphenamin pigmentation. H. Goodman 90
Scleroderma with arsenic in the urine. S. A. Ayres, Jr..... 245
Arsphenamin and jaundice. G. Milian 190
and mercury, comparison of the merits of. Sabouraud 822
aplastic anemia following. H. Gorke 443
Clinical commentary on studies of histologic changes in organs induced by arsphenamin, by neo-arsphenamin and by mercury. J. F. Schamberg..*571
Contribution to the question of the curability of syphilis with arsphenamin. Reinfection and residual sclerosis. R. Mueller 180
dermatitis. Parounagian, 88; Schamberg and Klauder..... 210
Effect of mercury and arsphenamin in various doses on the proliferation of spirochetes in the human body. W. Scholtz and Kelch..... 76
elimination of. M. Pomaret 190
erythrodermia. L. Brin 190
hypersensitiveness to, following exfoliative dermatitis. H. C. Stuart and E. P. Maynard, Jr. 430
Intoxications and death following arsphenamin—their cause. C. Laurentier 819
prophylaxis of syphilis with. L. L. Michael and H. Goodman..... 663
serum—precipitates and their relation to clinical reactions. J. F. Schamberg, K. Tokuda and J. A. Kolmer *263
Silver arsphenamin (a contribution to the problem of simultaneous combined mercury-silver arsphenamin therapy). L. Arzt..... 78
Study of the histologic changes produced experimentally in rabbits by. J. A. Kolmer and B. Lucke *483
Tubing as a cause of reaction to intravenous injection, especially of arsphenamin. J. H. Stokes and G. J. Busman 298
Untoward effects following arsphenamin and its derivatives. W. P. Boardman 302
Arthritis, psoriatic. G. Nobl 436
Arthropathies in the course of scleroderma. C. Adrian and J. Roederer.... 425

PAGE

Arzt, L.: Silver arsphenamin (a contribution to the problem of simultaneous combined mercury-silver arsphenamin therapy) 78
Asparagus, dermatitis due to. C. Brenning 667
Atrophoderma pemphigoides. Greenbaum 209, 338
Atrophy, macular. Hartzell 205
Audry, C.: Nevo-encephaloma 667
Axillae. Chronic itching papular disease of the axillae (Fox-Fordyce disease). H. Fox 860
Ayer, J. B.: A method for the quantitative determination of protein in cerebrospinal fluid 171
Ayres, S. A., Jr.: A fifth case of scleroderma with arsenic in the urine.... *245

Backache, syphilitic. A symptom of syphilis of the spinal cord, lumbar muscles and vertebrae. J. V. Klauder *761
Balanoposthitis. The fourth venereal disease, ulceration and gangrenous balanoposthitis, with case report. W. M. Donovan 830
Baldino, S.: A rare form of bilateral congenital cataract in hereditary syphilis 669
Bana, T. D.: A case of tropical sore cured by intravenous injection of tartar emetic 829
Barber, H. W.: Alopecia areata 663
Case of lupus erythematosus treated with autogenous streptococcal vaccine prepared from enucleated tonsils 188
Gastric analysis in acne rosacea 309
Two cases of psoriasis treated by Danysz' method 819
Barilari, M. J.: The Wassermann test in hereditary syphilis 187
Barrio de Medina: Verruca plana juvenilis 832
Barrows, A.: The Manchester and District Radium Institute, the Royal Infirmary, Manchester. Report of the work from Jan. 1, 1919 to Dec. 31, 1919 169
Bayly, H. W.: The prevention of venereal disease by immediate self-disinfection 306
Bechet: Dermatitis herpetiformis with unusual bullous formation..... 472
Lupus erythematosus disseminatus 93
Pemphigus (?) of the mouth 470
Pemphigus vulgaris 696
Pemphigus vulgaris or urticaria bullosa? 464
Beeson: Alopecia areata 839
Tabes dorsalis associated with skin lesions of tertiary syphilis..... 837
Bejarano: Silver salvarsan in the treatment of syphilis 445
Syphilis and suprarenals 832
Benavides, E.: Heredosyphilitic manifestations in the anterior segment of the eye 427
Benedict, W. L.: Radium in the treatment of diseases of the eye and adnexa 300
Bennigson, W.: The treatment of Vincent's angina with salicylic acid..... 437
Benon, R.: Dystrophy, vascular nevi and delirious outbreaks..... 437
Bertaccini, G.: Notes on a case of idiopathic sarcoma of Kaposi or cutaneous angio-endothelioma 658
Bilharziasis, treatment of, with antimony. J. E. R. McDonough..... 307
Blackfan, K. D.: A consideration of certain aspects of protein hypersensitiveness in children 79
Le Blanc, F.: Pulmonary infection by sporothrix of Schenk..... 669
Blankenhorn, M. A.: Aleukemic leukemia with unusual skin manifestations; report of case 822
Blastomycetoid bodies in a sarcoma-like tumor of the leg. F. D. Weidman and H. R. Douglas *743
Blastomycosis. Stillians, 692; Stillians and Oliver 691
case of, healed with intravenous iodid injections. W. Pick..... 436
in Peru. S. Lozada Benavente 442
or tuberculosis. Williams 712
with report of a case dying from abscess of the brain. J. T. Moore..... 183

PAGE

Blechmann, G.: Neo-arsphenamin by the vein for syphilitic infants..... 191
Boardman, W. P.: Interpretation of the Wassermann reaction..... 188
Review of untoward effects following arsphenamin and its derivatives.... 302
Bone and joint tubercle, stigmata of predisposition to. W. C. Rivers..... 821
Surgical aspects of the Charcot joint and other syphilitic bone and joint lesions. F. J. Cotton 308
syphilis, some interesting roentgenographic observations in the differential diagnosis of. W. H. Stewart 702
Book Reviews:
Syphilis. L. Thompson 716
Syphilis in general practice, with special reference to the tropics. K. K. Chatterji 478
Venereal diseases, their clinical aspect and treatment. J. E. R. McDonough 342
Bordet-Wassermann reaction in the transudates of syphilitic patients. Riser 431
Bose, M.: Notes on novo-arsphenamin rash 829
Bowing, H. H.: Topical applications of radium 822
Brain. Blastomycosis, with report of a case dying from abscess of the brain. J. T. Moore 183
Brainbridge, W. S.: The human breast: a plea for well directed treatment based on more accurate diagnosis 434
Breast, carcinoma of. Simpson 450
human: A plea for well directed treatment based on more accurate diagnosis. W. S. Brainbridge 434
Brenning, C.: A case of dermatitis due to asparagus 667
Brin, L.: Arsphenamin erythrodermia 190
Bromid eruption. Oliver 216
Bromoderma. Clark, 872; Wise 461
generalized, in a psoriatic patient. J. Strandberg 184
Brown: Herpes zoster and syphilis 206
Icthyosis hystrix 879
Lichen planus 205
Trichophytosis 713
Brown, M.: Eczema 205
Brown, W. H.: Experimental production of clinical types of syphilis in the rabbit *254
Experimental syphilis in the rabbit. V. Syphilitic affections of the mucous membranes and mucocutaneous borders 440
On the reaction of pregnant and lactating females to inoculation with *Spirochaeta pallida*—a preliminary note..... 185
Browning, W.: A spinal sign in gastric crises of tabes 439
Buboes, keloids and cicatrices, digestion of, with pepsin-hydrochloric acid. E. Ahlswede *142
Bunch, J. L.: Case of xanthoma 188
Burns. Yperite gas burns of the genitalia simulating syphilis and masked syphilis from yperite burns. Gougerot and Clara 307
Busman, G. J.: A clinical study of Wassermann-fast syphilis, with special reference to prognosis and treatment 176
Tubing as cause of reaction to intravenous injection, especially of arsphenamin 298
Butler: Erythema induratum 475
Erythema multiforme of the buccal and lingual mucous membranes, without cutaneous manifestations 677
Roentgen-ray alopecia 476
Buttock, tuberculosis of. Maloney 474
Byfield, A. H.: A polyneuritic syndrome resembling pellagra acrodynia seen in very young children 659

Campbell, M. F.: Granuloma inguinale..... 820
Cappelli, J.: Diffused hematogenous cutaneous tuberculosis of eruptive type, and clinically atypical 187

Davis, J. H.: Report of a case of anaphylaxis following an intradermal protein sensitization test 821
Deibert, O.: The value of the cultural method in the diagnosis of chancroid 816
Delhi boil. A. Castellani 664
case of, or sore (oriental sore, aleppo boil). J. H. Stowers..... 442
or sore. J. H. Stowers 305
Delirious outbreaks, dystrophy and vascular nevi. R. Benon and H. Luneau 437
Demodex impetigo, case of. A. Whitfield 442
Dengler: Case for diagnosis 714
Leukemia cutis 880
Dengler, C. K.: Heterochromia pilorum 206
Denis, W.: A method for the quantitative determination of protein in cerebrospinal fluid 171
Dentition and inherited syphilis. R. Sabouraud..... 189
Dermatitis, due to asparagus. C. Brenning 667
due to carpoglyphus passularum. W. J. O'Donovan 299
dysmenorrhoica? Michelson 477
dysmenorrheica, so-called 163
dysmenorrheica symmetrica, clinical study and etiology of. R. Polland.. 172
erythematopapulosa trophicans maculata chronica, case of. S. M. da Costa and Papegaay 186
exfoliativa following psoriasis. Trimble 323
exfoliativa, following psoriasis. Arsenical keratoses. H. Fox..... 467
exfoliativa following psoriasis with peculiar nodules on the thighs and legs. Trimble 466
exfoliativa? Mycosis fungoides? Wise 460
exfoliative, hypersensitiveness to arsphenamin following. H. C. Stuart and E. P. Maynard, Jr. 430
factitia. H. Fox, 312; J. B. Richardson 432
grain-itch. D. Majocchi 820
herpetiformis. W. Walker, 210; Stillians, 212; Zeisler, 214; Rostenberg.. 322
herpetiformis (papular form). Wise..... 93
herpetiformis with unusual bullous formation. Bechet 472
medicamentosa. Strauss and Sidlick 715
medicamentosa (phenolphthalein eruption). Scheer 704
medicamentosa resembling variola. Ormsby and Mitchell 687
neurotica. Stillians and Oliver 689
nodularis necrotica. Stillians and Oliver 843
occupational, in dentists: susceptibility to procain. C. G. Lane.....*235
recurrent (streptococcic), of face. H. Fox 198
seborrheic. Senear 834
susceptibility to, from rhus diversiloba. J. B. McNair.....*625
venenata from Oriental cashew nut. H. Fox.....202, 856
venenata of the hands from hair dye. H. Fox..... 854
Dermatologic and syphilis service, employment of intravenous injections of grape sugar (method of Stejskal) in. V. Prantor..... 657
Dermatology and syphilology, course in, Saint Louis Hospital, Paris..... 168
Dermatosis. Precancerous dermatosis? Xeroderma pigmentosum? L. Chargin 94
progressive pigmentary. Schamberg..... 712
A scheme for presenting the subject of the inflammatory dermatoses to students in terms of fundamental cutaneous reaction signs. J. H. Stokes 641
so-called hysterical, case of. C. Rasch..... 80
Treatment of some dermatoses with carbon dioxid snow. N. R. Garzella. 438
Deycke-Much, treatment of skin tuberculosis with the partial antigens of. R. Polland and E. Kiene..... 425
Diabetes, a case of multiple xanthoma tumors accompanied by. C. de Gambrat 432
